VINIT RAHANGDALE

Software Developer

5/9 Nanda Nagar Indore 452011 | vinitr2021@gmail.com | +917389461717 | LinkedIn | GitHub

PROFILE SUMMARY

Results-driven MERN Stack Developer with 3 years of experience in building scalable web applications. Proficient in JavaScript, React.js, Node.js, and MongoDB. Adept at developing RESTful APIs, integrating third-party services, optimizing application performance, and following best coding practices. Strong knowledge of Agile methodologies, DevOps practices, and microservices architecture. Experienced in CI/CD pipelines, cloud deployment, unit testing, and containerization using Docker and Kubernetes.

TECHNICAL SKILLS

- Language & Frameworks: JavaScript(ES6), Typescript, Java, React.js, Next.js, Redux, Node.js, Express.js.
- Databases: MongoDB.
- Microservices & Cloud: AWS(EC2, S3, Lambda), Docker.
- **DevOps & CI/CD :** Git, Github Action.
- Testing Tools: Jest, Cypress.
- Styling: HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI.
- API Development: RESTful APIs, GraphQL.

PROFESSIONAL EXPERIENCE

THE RAPID HIRE PVT. LTD.

Indore, Madhya Pradesh JULY 2024 - Present

Full Stack Software Developer

- Developed scalable and responsive web applications using MERN Stack, Next.js ensuring high performances.
- Gained experience in Microservices architecture to support modular development and deployment.
- Worked with CI/CD pipelines using GitHub Actions and Docker for automated deployment.
- Led end-to-end API development using REST and GraphQL to optimize performance.
- Utilized unit testing frameworks like Jest for test-driven development (TDD).

EMIXCHANGE PVT. LTD.

Product Developer

Indore, Madhya Pradesh JANUARY 2023 - JUNE 2024

- Designed and maintained full-stack application using React, Node.Js, MongoDB, and Express.
- Enhanced system efficiency by 20% through strategic product.
- Led API development using REST and GraphQL, improving response time by 15%.
- Worked with AWS services such as EC2, S3 and Lambda for cloud-based deployments.
- Collaborated in an **Agile environment**, following **Scrum methodologies** for faster releases.

PROJECTS

Claim Portal:-

- Developed a real-time claim processing system handling thousands of hospitals and insurance companies to streamline communications.
- Implemented real-time status tracking and automated report generation.
- Deployed on AWS EC2 with load balancing & SSL certificates.
- Enhance API security and optimized response time to improve application performance.
- Gained experience in Microservices architecture for efficient backend operations.

• BNPL Application:-

- Built using Microservices architecture for fast and reliable performance.
- Implemented **OTP-based verification** and **gesture detection** for secure authentication.
- Deployed secure **microservices** using **Kubernetes** for scalability and fault tolerance.
- Developed **API endpoints** for transaction processing and **secure payment verification**.
- Worked with CI/CD pipeline for seamless deployment.

• Appointment Management System:-

- Developed a **scheduling system** for doctors and patients with secure payment **integrations**.
- Implemented **prescription management** visible to patients post-consultation.
- Enhanced the system to support multi-tenancy, allowing multiple clinics to use the same infrastructure.
- Developed **role-based access controls** to restrict features based on user type (doctor, patient, admin).
- Tiffin Smart Online Food Delivery App (UI)
- Netflix Clone UI

EDUCATION

DR. A.P.J. ABDUL KALAM UNIVERSITY Master of Computer Application

Indore, Madhya Pradesh 2021-2023

CERTIFICATION & ACHIEVEMENTS

- TCS iON Career Edge Young Professional.
- Prompt Engineering Certification.
- Certified in Docker & Kubernetes Fundamentals.
